

Kane Kendall Council

Summary of FFY 2027-31 Local Surface Transportation Program Funding

Program highlights

The Kane Kendall Council approved its Federal Fiscal Year (FFY) 2027-31 Local Surface Transportation Program (STP-L) on May 28, 2026. The 5-year program includes 48 projects totaling just over \$62.1 million. This includes 21 projects selected through the latest call for projects and 27 continuing from prior programs.

This summary highlights the full Kane Kendall Council STP-L program, including newly selected and continuing projects. It also outlines how the council manages STP-L funds and how communities can prepare for the next call for projects, expected in October 2027.

2027-2031 call for projects summary

10 communities selected

21 applications selected

\$25,871,782 funds programmed

Figure 1: Programmed STP-L funding by federal fiscal year and project type

Current five-year program

Projects selected through the FFY 2027-31 call were added to the Kane Kendall Council's existing program, which also includes projects awarded through prior calls. No additional projects will be added until the next call for projects in fall 2027.

Road modernization projects account for the largest share of funding programmed by Kane Kendall Council at 49 percent. Road maintenance projects also represent a significant share of the program, at nearly 23 percent.

This STP-L program will continue to evolve as project schedules and costs are refined. Projects may experience delays, need funding in a different year, or require additional funding to move forward. Additionally, projects not selected through the call are added to the council's contingency program, a list of projects that can be considered when funding becomes available in the active program. Project sponsors should work with the council and CMAP staff to navigate changes and keep STP-L funding programmed accurately.

Sponsors of current and future projects are also encouraged to participate in their council's committees. More information about council activities is available in the council information section below.

Program development

The Kane Kendall Council's share of regional STP funding is typically around \$12 million annually. To maximize the impact of this funding, the council evaluates projects using a methodology made up of 7 criteria worth a total of 100 points.

During the latest call for projects, the Kane Kendall Council received 57 eligible applications requesting just over \$75.4 million. The council evaluated and scored each project using its approved methodology to prioritize projects for available funding.

Methodology criteria

Roadway and intersection projects.

Traffic volumes

Call for projects policies

Funding maximums

Asset management: Based on CRS scores: Good (\$500,000), Fair (\$750,000), Poor (\$1 million)

Roadways/intersections: \$2.5 million total across all eligible project phases

Eligible phases and local match requirements

Asset management: Construction (75%/25%)

Roadways/intersections: Engineering 2 (50%/50%), ROW (50%/50%), Construction (80%/20%)

Approving body

Kane Kendall Council of Mayors

Future call for projects

The next call for projects is expected to open in October 2027. Communities with candidate STP-L projects should prepare the following materials to best position their projects for funding consideration:

Completed preliminary engineering

For the Kane Kendall Council program, STP funding is available for Engineering II, Right-of-Way (ROW), and Construction phases only.

Budgeted local match

Applicants must provide documentation that the required local match has been committed to by the community.

Coordination with project partners

Applicants should coordinate with agencies and communities that have a stake in the project. For example, if a Pace bus route is within the project area or a neighboring municipality may be affected, those partners should be involved in project scoping and preliminary engineering.

Detailed project cost estimate

The STP-L application requires a detailed project cost estimate.

Applicants with questions about whether a project is a good fit for Kane Kendall Council STP-L funding should contact council staff members.
