2026 Regional Transportation Plan Consulting Services

The Chicago Metropolitan Agency for Planning (CMAP) invites consultants to submit Qualifications for its 2026 Regional Transportation Plan Consulting Services RFQ, as described in this scope of work. Please read each section carefully for information regarding the proposal and submittal instructions.

SECTION 1: Background and General Information

About CMAP

The Chicago Metropolitan Agency for Planning (CMAP) is the region's metropolitan planning organization. The agency and its partners have developed ON TO 2050, a comprehensive plan that builds upon its predecessor GO TO 2040, to help the seven counties and 284 communities of northeastern Illinois implement strategies that address community, prosperity, the environment, governance, transportation and mobility. CMAP has adopted core values, which are: lead with excellence, pursue equity, passion for public service, drive innovation and foster collaboration. These values guide all of the decisions taken by the agency and the CMAP team. See www.cmap.illinois.gov for more information.

General Information

As a result of responses to this RFQ, CMAP plans to review submissions and conduct interviews with selected consultants it determines can best meet the requirements outlined below. Negotiations will be held on both the scope and the cost to select the consultant that CMAP believes can best satisfy its requirements at rates it perceives are reasonable for the services provided. Subject to "Reservation of Rights" below, it is anticipated that a contract will be awarded for the work described. The contract awarded will be for a period of two years with three one-year options for renewal.

SECTION 2: Scope of Project and Procurement Details

Project Purpose

The Chicago Metropolitan Agency for Planning (CMAP) seeks offers in response to this Solicitation from firms qualified and experienced in developing Regional Transportation Plans (RTPs) for metropolitan planning organizations (MPOs). Qualified firms must demonstrate an understanding of and experience with long-range regional transportation plan development; federal and Illinois transportation planning, funding, and project development regulations; travel demand model development and application; report-writing and graphic design for public-facing documents; and effective and inclusive public outreach methods.

The purpose of this work is to assist CMAP with the development of the 2026 Regional Transportation Plan (RTP) for the seven-county CMAP region, which will serve as the next Metropolitan Transportation Plan as described in 23 CFR §450.324. The 2026 RTP will build upon previous work on the currently adopted ON TO 2050 comprehensive plan, while integrating recent policy and planning work from CMAP and its member agencies and new requirements from the Infrastructure Investment and Jobs Act (IIJA).

Project Background

CMAP is the federally designated metropolitan planning organization for the seven counties and 284 communities of northeastern Illinois. CMAP is required to prepare and maintain the RTP to document objectives outlined by the MPO, the state, and the public transportation providers with respect to the development of the region's transportation network. The RTP must identify how the region will manage and operate a multi-modal transportation system to meet the planning goals for a 20+ year planning horizon, while remaining fiscally constrained. The RTP must be adopted by CMAP's board and MPO Policy Committee by October 2026.

Since the passage of the ON TO 2050, CMAP and its partners have completed numerous plans and studies that will inform the 2026 RTP, including the Plan of Action for Regional Transit (PART), the Regional Transit Authority's (RTA's) Transit is the Answer Strategic Plan, the Illinois International Port District (IIPD) Master Plan, and the Chicago Rail Futures Study II. Additionally, CMAP is currently conducting several efforts that will further shape CMAP's planning process and regional vision including the Transportation Resilience Improvement Plan (TRIP), Climate Action Plan (CAP), Community Characteristics for Equitable Reinvestment, county Safety Action Plans and several partner studies.

CMAP is seeking a consultant or team of consultants (collectively referred to as the "Consultant") to augment existing staff capacity to coordinate with member agencies, conduct public outreach, perform regional analysis, develop static and online mapping products, and draft and finalize a plan document that can be referenced and understood by decision makers, member agency staff, and the public.

Scope of Services

The scope of work below describes the tasks that CMAP and the Consultant will need to complete in advance of the CMAP Board and MPO Policy Committee's adoption of the 2026 RTP, which must occur no later than October 2026. The selected consultant team will provide CMAP with ongoing professional consulting support services for planning, research and stakeholder engagement related to the development of the 2026 Regional Transportation Plan (RTP). These services will be requested as needed by CMAP and the level of effort required may vary depending upon CMAP's needs. The following tasks are presented to allow CMAP to assess candidate qualifications to perform the breadth and depth of services that may be needed; however, this task list is representative only and is neither inclusive nor exhaustive of all services that may be needed. The timing and amount of work will be determined with the Consultant. Subject to the availability of future funding and agency needs and priorities, any work CMAP needs under these tasks will be issued on a task order basis, based on hourly rates supplied by the consultant in their proposal response. Services required will be determined in consultation between CMAP and the selected consultant team on an ongoing basis upon award and similar tasks may be needed that could be in addition or in substitution of any of the tasks listed below.

Task 1: Administration and Management

This task includes the management of all project activities and work assigned to Consultant. Task 2: Communications and Stakeholder Engagement

Stakeholder identification and engagement is a critical component to the creation of the RTP. A comprehensive and inclusive communications and engagement plan will be developed to provide for thorough and meaningful participation of various stakeholders in the development of the 2026 RTP. Considerable effort will be needed to identify and engage with both existing and new stakeholders in the RTP process, with an emphasis on engagement with historically underrepresented and underserved communities. Engagement activities will employ culturally competent approaches, recognizing and respecting the unique needs and contributions of different demographic groups. Throughout the process, special attention will be given to addressing language barriers, accessibility challenges, and other potential barriers to engagement, thus ensuring that the voices of all community members are heard and considered in the development of the RTP. This commitment to inclusive and equitable engagement aligns with CMAP's overarching mission to create a RTP that reflects the rich diversity of our community and fosters equitable outcomes for all.

Examples of potential deliverables:

- Meeting support, agenda and materials
- Communications materials development (writing, graphics, visualization, StoryMaps, video, ESRI dashboards, etc.)
- Stakeholder engagement and public outreach activities
- Branding for the Regional Transportation Plan and collateral materials

- Research and analyze existing conditions, trends and unconstrained needs.
- Summarize demographic and transportation forecasts from the CMAP Travel Demand Model with maps, tables, and narratives relevant to the RTP planning process.
- Review and update the analysis of regional activity centers and growth patterns both inside and beyond the seven-county planning area to capture emerging and ongoing trends.
- Update regional environmental justice and vulnerable population mapping for consistency with CMAP's Equitable Investment Strategy (currently under development) as well as with Infrastructure Investment and Jobs Act (IIJA) requirements.
- Develop policy briefs covering key transportation topic areas.
- Support CMAP in the development and prioritization of the initial (unconstrained) project list, providing additional coordination and support, as needed, to project sponsors throughout the application period and following the initial review of applications.
- Assist with calculating project prioritization scores to inform the fiscal constraint assessment.
- Assist CMAP staff in developing a financial plan that supports the implementation of the RTP. Financial planning activities will include revenue forecasting, expenditure estimation, scenario-planning, funding strategy development, risk assessments, documentation, and other related activities.
- Consider how to expand and integrate the role of transportation performance measurement and management into the RTP process, including federally mandated measurements related to safety, infrastructure condition, systems performance, and transit asset management. Illustrate past trends for these performance measures and show how the fiscally constrained project list stands to improve measures and move the region closer to established targets.
- Update CMAP data dashboards to report additional performance measures.

Examples of potential deliverables:

- Existing Conditions, Trends, and Unconstrained Needs Analysis Memorandum (draft and final)
- Fiscal Constraint Memorandum (draft and final)
- Financial Plan Model Evaluation (draft and final): A memorandum assessing the quality and functionality of the existing Financial Plan base models from the ON TO 2050 Update. The memorandum should include the following:

Task 4: Plan Production and Adoption

RTP production and support during the various phases of review and adoption by the CMAP Transportation Committee, Board, and MPO Policy Committee. Potential tasks may include plan production activities and preparation of background materials and presentations for CMAP Board and committee meetings. All deliverables, including the 2026 RTP shall be consistent with the CMAP Style Guide and other CMAP documentation protocols and be written to reflect a consistent, professional style and voice. The plan should be written using accessible, plain language and should be easy to read and understand for a wide audience including agency staff, elected officials, and members of the general public. In addition to the narrative, maps and exhibits for the 2026 RTP shall be created/updated to reflect a consistent style and branding. All mapping products shall also be delivered in a format that can be easily updated by CMAP staff for future planning efforts.

Examples of potential deliverables:

- 1) Complete Agreement.
 - a) This Agreement (which also may be herein referred to as "Contract"), including all exhibits and other documents incorporated or referenced in the agreement, constitutes the complete and exclusive statement of the terms and conditions of the agreement between CMAP and Contractor and it supersedes all prior representations, understandings and communications. The invalidity in whole or in part of any term or condition of this Agreement shall not affect the validity of other terms or conditions.
 - b) Order of Precedence: Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (1) the provisions of the executed contract, including its exhibits; (2) the provisions of the RFQ on which the contract is based including any and all Addendums; (3) the proposal submitted to CMAP by the Contractor in response to said RFQ; and (4) any other documents cited or incorporated herein by reference.
 - c) CMAP's failure to insist in any one or more instances upon the performance of any terms or conditions of this Agreement shall not be construed as a waiver or relinquishment of CMAP's right to such performance by the Contractor or to future performance of such terms or conditions and Contractor's obligation in respect thereto shall continue in full force and effect. Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions that can affect the work or the cost thereof. Any failure by the Contractor to do so will not relieve it from responsibility for successfully performing the work without additional expense to CMAP.

- d) CMAP assumes no responsibility for any understanding or representations made by any of its officers, employees or agents prior to the execution of this Agreement, unless such understanding or representations by CMAP are expressly stated in this Agreement.

If any such change causes an increase or decrease in the cost or time required for performance of any part of the work under this Agreement, the Contractor shall promptly notify CMAP thereof and assert its claim for adjustment within thirty (30) days after the change is ordered. A written amendment will be prepared for agreement between CMAP and the Contractor for changes in scope, time and/or costs.  - b. The Contractor shall not assign any interest in this Agreement and shall not transfer any interest in the same (whether by assignment or novation), without the prior written consent of CMAP hereto, provided, however, that claims for money due or to become due to the Contractor from CMAP under this Agreement may be assigned to a bank, trust company or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished to CMAP.
- 4) Availability of Appropriation (30 ILCS 500/20-60). This Agreement is contingent upon and subject to the availability of funds. 5) Allowable Charges. No expenditures or charges shall be included in the cost of the Project and no part of the money paid to the Contractor shall be used by the Contractor for expenditures or charges that are: (i) contrary to provisions of this Agreement or the latest budget approved by a duly-authorized official of CMAP; (ii) not directly for carrying out the Project; (iii) of a regular and continuing nature, except that of salaries and wages of appointed principal executives of the Contractor who have not been appointed specifically for the purposes of directing the Project, who devote official time directly to the Project under specific assignments, and respecting whom adequate records of the time devoted to and services performed for the Project are maintained by the Contractor may be considered as proper costs of the Project to the extent of the time thus devoted and recorded if they are otherwise in accordance with the provisions hereof; or (iv) incurred without the consent of CMAP after written notice of the suspension or termination of any or all of CMAP's obligations under this Agreement.

6) Method of Payment.

Project expenditures are paid directly from federal and/or state funds. Because CMAP is responsible for obtaining federal reimbursement for project expenditures, it is necessary that CMAP monitor all procedures and documents which will be used to claim and support project-related expenditures. The following procedures should be observed to secure payment:

- b) Based on services performed, CONTRACTOR may submit invoices as frequently as once a month, but is required to submit invoices no later than fifteen (15) days after the end of each quarter. Failure to submit such payment request timely will render the amounts billed an unallowable cost for which the CONTRACTOR cannot be reimbursed. CMAP is committed to reducing paper use and has established an electronic invoicing system. All invoices are to be submitted through email to:

accounting@cmmap.illinois.gov

All invoices shall be signed by an authorized representative of the CONTRACTOR

- c) Subject to the conditions of this Agreement, CMAP will honor invoices in amounts deemed by it to be proper to insure the carrying out of the approved scope of services and shall be obligated to pay the Contractor such amounts as may be approved by CMAP. Invoices shall detail expenses and amount of time spent on CMAP assignments. If an invoice is not acceptable, CMAP shall promptly provide the Contractor a written statement regarding its ineligibility or deficiencies to be eliminated prior to its acceptance and processing. All invoices for services performed and expenses incurred by CONTRACTOR for the services of this Agreement must be presented to CMAP no later than fifteen (15) days after the close of the fiscal year for multi-year contracts, or no later than fifteen (15) days after the end of this Agreement for shorter term contracts. Notwithstanding any other provision of this Agreement, CMAP shall not be obligated to make payment to CONTRACTOR on invoices presented after said date. No payments will be made for services performed prior to the effective date of this Agreement. All payments will be transferred electronically to Contractor's business bank account. The successful Contractor will be requested to provide transfer numbers for the business bank account when the contract is finalized, in addition to a copy of its IRS W-9 (Request for Taxpayer Identification Number and Certification).
- d) Each invoice and report submitted must contain: the contract number, a unique vendor invoice number, a description of the services performed, the hourly rates and number of hours worked for

each contractor, an itemization of travel and other costs which are chargeable to the contract and the following certification by an official authorized to legally bind the CONTRACTOR:

By signing this payment request, I certify that to the best of my knowledge and belief that the payment request is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of this contract. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812).

- e) The Contractor is required to pay all subcontractors within thirty days of receiving payment for that portion of the work from CMAP. Failure to pay subcontractors within thirty days may jeopardize future CMAP contract awards.
- 7) Conflict of Interest. In order to avoid any potential conflict of interest, the Contractor agrees during the term of this Agreement not to undertake any activities which could conflict directly or indirectly with the interest of CMAP. Contractor shall immediately advise CMAP of any such conflict of interest. CMAP shall make the ultimate determination as to whether a conflict of interest exists.
- 8) Audits. The records and supportive documentation for all completed projects are subject to an on-site audit by CMAP. CMAP reserves the right to inspect and review, during normal working hours, the work papers of the CONTRACTOR in support of their invoices.
- 9) Access to Records.
 - a. The Contractor and its Subcontractor, under this Agreement shall preserve and produce upon request of the authorized representatives of CMAP all data, records, reports, correspondence and memoranda of every description of the CONTRACTOR and its Subcontractors, if any, under this Agreement relating to carrying out this Agreement for the purposes of an audit, inspection or work review for a period of three (3) years after completion of the project, except that:
 - i. If any litigation, claim or audit is started before the expiration of three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
 - ii. Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.

The CONTRACTOR shall include a provision in all of its subcontracts, if any, such provisions.

- 10) Subcontracts.
 - a. Any subcontractors or outside associates or contractors required by the Contractor in connection with the services covered by this Agreement will be limited to such individuals or firms as were specifically identified and agreed to during negotiations. Any substitutions in or additions to such subcontractors, associates or contractors will be subject to the prior approval of CMAP.
 - b. All subcontracts for work under this Agreement shall contain those applicable provisions which are required in this Agreement.

- c. The Contractor may not subcontract services agreed to under this Agreement without prior written approval of CMAP.
- 11) Equipment Inventory. An inventory of non-expendable personal property having a useful life of more than two years and an acquisition cost of \$500 or more is subject to periodic inspection by CMAP.
- 12) Suspension. If the CONTRACTOR fails to comply with the special conditions and/or the general terms and conditions of this Agreement, CMAP may, after written notice to the CONTRACTOR, suspend the Agreement and withhold further payments or prohibit the CONTRACTOR from incurring additional obligations of funds pending corrective action by the CONTRACTOR. If corrective action has not been completed within sixty (60) calendar days after service of written notice of suspension, CMAP shall notify the CONTRACTOR in writing that the Agreement has been terminated by reason of default in accordance with paragraph 14 hereof. CMAP may determine to allow such necessary and proper costs which the CONTRACTOR could not reasonably avoid during the period of suspension provided such costs meet the provisions of the U.S. Office Management and Budget 2 CFR 200 in effect on the date first above written.
- 13) Termination.
- a. This Agreement may be terminated in whole or in part in writing by either party in the event of substantial failure (hereinafter termed "Termination by Default") by the other party to fulfill its obligations under this Agreement through no fault of the terminating party, provided that no such termination may be affected unless the other party is given (i) not less than seven (7) calendar days written notice (delivered by certified mail, return receipt requested) of intent to Termination by Default, and (ii) an opportunity for consultation with the terminating party prior to Termination by Default.
 - b. This Agreement may be terminated in whole or in part in writing by CMAP for its convenience (hereinafter termed "Termination for Convenience"), provided that the CONTRACTOR is given not less than seven (7) calendar days written notice (delivered by certified mail, return receipt requested) of intent to terminate.
 - c. If Termination by Default is effected by CMAP, an equitable adjustment in the price provided for in this Agreement shall be made, but (i) no amount shall be allowed for anticipated profit on unperformed services or other work, and (ii) any payment due to the CONTRACTOR at the time of termination may be adjusted to the extent of any additional costs occasioned to CMAP by reason of the CONTRACTOR'S default. If Termination by Default is effected by the CONTRACTOR, or if Termination for Convenience is effected by CMAP, the equitable adjustment shall include a reasonable profit for services or other work performed. The equitable adjustment for any termination shall provide payment to the CONTRACTOR for services rendered and expenses incurred prior to termination, in addition CMAP may include cost reasonably incurred by the CONTRACTOR relating to commitments which had become firm prior to termination.
 - d. Upon notice of termination action pursuant to paragraphs (a) or (b) of this clause, the CONTRACTOR shall (i) promptly discontinue all services affected (unless the notice directs otherwise) and (ii) deliver or otherwise make available to CMAP all data, drawings, specifications, reports, estimates, summaries and such other information and materials as may have been accumulated by the CONTRACTOR in performing this Agreement, whether completed or in process.
 - e. Upon termination pursuant to paragraphs (a) or (b) of this clause, CMAP may take over the work and prosecute the same to completion by agreement with another party otherwise.

- f. In the event the CONTRACTOR must terminate this Agreement due to circumstances beyond its control, the termination shall be deemed to have been effected for the convenience of CMAP. In such event, adjustment of the price provided for in this Agreement shall be made as provided in paragraph c of this clause.

14) Patents and Copyright Responsibility.

- a. The Contractor agrees that any material or design specified by the Contractor or supplied by the Contractor pursuant to this Agreement shall not infringe any patent or copyright and the Contractor shall be solely responsible for securing any necessary licenses required for patented or copyrighted material used by the Contractor.
- b. If any claim is brought against CMAP by third parties for alleged infringement of third-party patent and copyright and intellectual rights, which claim is caused by breach of the Contractor's promise as contained in paragraph a of this clause, the Contractor shall save harmless and indemnify CMAP from all loss, damage or expense (including attorney's fees) due to defending CMAP from such claim.
- a.
