

Documenting TIP project changes, plan revisions, and revision approvals in eTIP

Key links:

eTIP Public Site: <https://cmap.ecointeractive.com/>

eTIP Public Plan Revisions tab: <https://cmap.ecointeractive.com/revisions>

eTIP Secure Site: <https://projecttracker.ecointeractive.com/>

The eTIP database retains records of every individual approved project change for every TIP revision cycle, and of MPO, state (IDOT), and federal (FHWA and FTA) approval of those revisions. There are a variety of methods for viewing and reporting this information.

On the [public website](#), the PLAN REVISIONS [tab](#) lists all amendment actions and displays the date each was approved by CMAP staff, the CMAP Transportation Committee, CMAP MPO Policy Committee, IDOT Office of Planning and Programming, FTA Region 5 Staff and the FHWA Illinois Division. The type of amendment (administrative, formal, or conformity) determines the approvals that are needed.

By default, the amendments associated current active plan cycle (also known as the current TIP years) are displayed.

The screenshot shows the eTIP website interface. At the top, there is a navigation bar with the Chicago Metropolitan Agency for Planning logo and the current plan cycle 'Transportation Improvement Program 2026-2030'. A dropdown menu is set to '1 CHOOSE'. The main navigation includes 'WELCOME', 'PROJECTS', 'PLAN REVISIONS' (highlighted with a blue box), 'PROJECTS BY COUNTY', and 'INTERACTIVE MAP'. Below the navigation, a message states: 'Plan revisions are made on a routine basis to update a project's funding, scope, and timeline. Click a Plan Revision below to see the projects modified by that revision.' A table follows with columns for 'Amendment', 'Notes', and approval actions from 'CMAP Transportation Committee', 'CMAP MPO Policy Committee', 'CMAP Staff', 'IDOT, Office of Planning and Progr', 'FTA Region 5 Staff', and 'FHWA Illinois Division'. Red arrows point to the amendment name, the current plan cycle, the approval actions, and the PLAN REVISIONS tab.

Scroll down through the records or click the EXPORT button for an Excel table. Note that the Excel table does not include the revision name or approval records. Click on an individual project from the list to view the project information, as approved during the selected amendment.

The individual project record displays project information (location, description, scope, etc.) and funding details for the selected amendment version. Funding history and revision history are also available.

16-18-0004: Red Purple Modernization Future Phases - RSP 58B

[DOWNLOAD PDF](#) [SHARE](#)

TIP Document: 26-01 (Formal)
 Project Type: Guideway Improvements
 Air Quality: Not Required
 Completion Year: 2045
 Lead Agency: CTA
 Contact: Jennifer Henry
 Project Website: -
 County: Cook
 Municipality: Chicago, Evanston
 Major CMAP Programs: 2050 RSP
 Work Type: [R-MAINT] Rail Line - Maintain, Rehabilitate, Replace, [U-CPSIMP] CPS - Improvement, [U-SIGS] CPS - Signals
 Project Description: Sheridan, Thorndale to Jarvis and from South Blvd to Linden. Work would include the reconstruction of track, structures and viaducts, expanded stations and platforms within and between these station areas. This phase may also include reconstruction of Howard Yard, construction of infill substations (based on power needs) and other related infrastructure improvements in this corridor.

Click the **DOWNLOAD PDF** button for a PDF report containing the project information along with funding and revision history. Select the landscape orientation for the best results.

Click the **SHARE** button to copy a shareable link to the project to your clipboard.

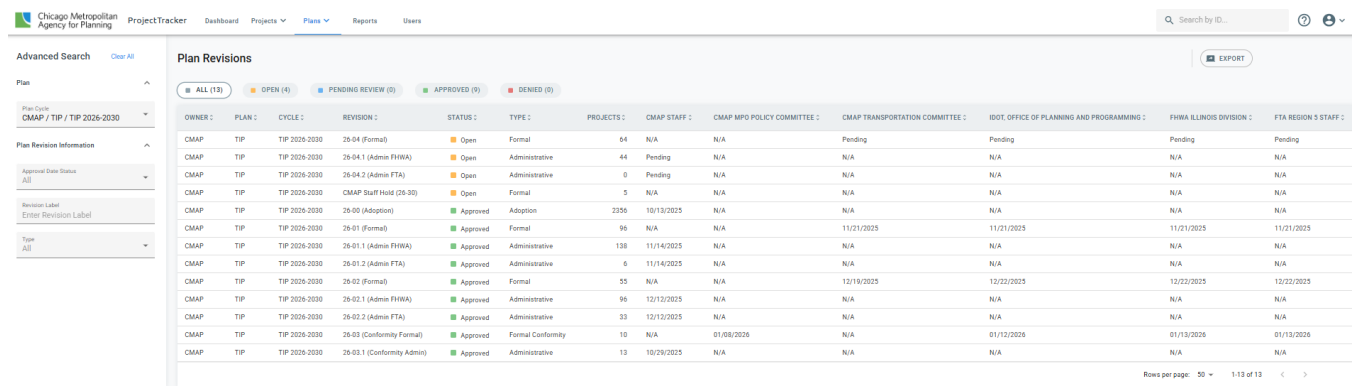

For example, the link for the above project is:

<https://cmap.ecointeractive.com/revisions/?planCycleId=3488&planRevisionId=125420&projectRevisionId=e1aafc84-4f58-4597-9d67-8a10a669d382>

On the [secure website](#), following login, records of federal approvals can be found by selecting Plan Revisions from the Plans drop-down menu:

Select the current plan cycle (TIP years) from the Advanced search, and select the amendment (revision) you're interested in from the resulting list.

The page displayed will include information about the revision, including approval dates with the name of the approver, a list of all projects included in the revision, and any uploaded documents pertaining to the entire revision. Expand or scroll through additional rows using the navigation tools at the bottom of the list. Select print to create a PDF including the full project list, not just the information displayed on the screen.

For a full project report, select the Project Overview report from the reports menu. Select the filter options you need for your report. For example, to generate a report of all changes to a single project, you could use the filter selections on the following page.
