TIP Code = fund source designation in CMAP's eTIP Database

1. FHWA State Resources are derived from FHWA's apportionments for Illinois as shown in the Federal Management Information System (FMIS) (November 2025). It is estimated that 75.42% of the FHWA apportionment is available to the CMAP region.

2. STP-State Programmed funds are the sum of all STP federal funds after STP-Shared Fund, STP-Local, and STP-County are deducted.

3. Regional resources are based on FHWA suballocation of apportionment guidance and IDOT memorandums and circulars pertaining to regional resource allocations for STP-Local, TAP-Local, Bridge-Local, STP-County.

4. Bridge Local funds are from IDOT circular 2025-04 - (2/12/2025) for District 1, Kendall Co. and IL Special Bridge Program (ISBP) funding awarded to specific projects

5. Transit funding information is derived from RTA transit funding marks approved in December 2025. Federal transit resources are FTA formula funds and do not include competitive grants.

6. FTA grants require a 20% match. To fulfill the match requirement CTA, Metra, Pace, and RTA may provide a cash match, but routinely use Transportation Development Credits (TDCs) in lieu of a cash match. It is anticipated that TDCs will continue to be used for the foreseeable future.

7. Section 5310 funds are derived from FTA Apportionment tables

8. These funds are bonds, sales tax, local funds, etc. for use on capital transit projects as shown in the RTA Schedule IIA document from June 2025.

Note: The match ratio used to calculate the match amount is based on the typical match ratio for each fund source and is assumed to be available from state and local resources.
